The

**Gesellschaft für interkulturelle Seelsorge und Beratung e.V.**  
**Society for Intercultural Pastoral Care and Counselling - SIPCC**

*looks back on 20 years of fruitful work on intercultural and inter-religious care and counselling. In addition to annual International Seminars conferences, study tours, training courses and other events were conducted, which were attended by thousands of people at their profit.*

*SIPCC is publishing a magazine and has inspired and published a number of books and thereby made important contributions to scientific discourse in pastoral care and counselling.*

*Due to the anniversary events at various locations throughout the year, the identity and the goal of SIPCC should be underlined: to promote encounters with people of other cultures and religions and to further the elaboration of religious and theological foundations of pastoral care in diversity.*

*The association is connected to people and institutions in many countries and is grateful that all events and celebrations can take place in cooperation with partners.*

*Beside the work on the given subjects the anniversary will be celebrated at all events of the SIPCC in 2015 . A symposium on 28 November 2015 in Dusseldorf will close this year.*
